RIPA

POWERING INDIGENOUS INTELLECT

The RIPA has been incorporated to focus on enhancing intellectual property awareness and knowledge through training and skill development. RIPA intends to educate and equip IP knowledge to entrepreneurs, students, faculties, researchers, professionals, managers, business owners and decision makers across India and catalyze an intellectual shift in India.

RIPA is engaged in IP ecosystem development, restructuring IP ecosystem, IP facilitation, entrepreneurship education, training, research and institution building within India and outside. The RIPA caters to the requirements of potential and existing IP education and research and create a conducive IP eco-system in India and outside. Promoting social innovations and uplifting indigenous innovations have always been an area of interest for RIPA.

To promote IP education and training in India, the following areas of activities have been identified, to be pursued by RIPA:

- Develop international standard modules on IP education and facilitation;
- Conduct Social Innovation Development Programmes;
- Restructuring IP Ecosystem in India;
- Conduct Training Programmes under IP Task Force, IP Booster, IP Vaccine and IP Blocks;
- Create work force for IP education and trainings;
- Collaboration with existing IP facilitation centers and University for providing IP Education and facilitation;
- Conduct IP awareness programmes at various levels;
- Promote Social and Rural Innovations and uplift indigenous innovations;
- Undertake IP Policy Advocacy to improve the Indian IP Ecosystem; and
- Conduct advanced training at regular intervals for the high-grade professionals and decision makers.

TRADEMARK FILING

BUSINESS JOURNEY BEGINS WITH A NAME

COURSE DETAILS

It is a well acknowledged fact that 'IP' adds value to any entity. Quantum of this value in turn is dependent on several factors. IP Filing is also one of the critical factors in quantifying the value of IP.

This course module is designed for Trademark Professionals, individuals, start-ups, managers, etc. to understand all intricacies while filing an IP and on other hand simplify the process of filings, laws, forms, documentations, timeline, etc. at local, international, and foreign jurisdiction.

This course also provides live demo and checklist for filing trademark application at local office. This 4 Hrs course is designed to create more and more IP Task Force Professionals.

The course enables IP Task Force Professionals to become more efficient at filing trademark applications. It provides the exact steps, differences among various trademark applications, various checklist, timeline management, local and foreign trademark laws requirements and strategies involved, from the point of creating the forms and documentations, till the point of sending the confirmation of filing to the client or manage the docket. Comprehensive and easy to understand course notes and screen shots are provided to each participant.

At the end, course assignment will be given for learning assessment and after evaluation of the submission, a certificate will be awarded.

Course Fee
INR 5, 000
